

Gospel text

when searching for the definition for the word gospel // we find in strong's concordance it means **good news**

but the true definition is found in 3 bible verse

all verses with the word gospel are in the description box below

these slides can be screen captured to be reviewed

and the text is also in description box for the deaf

slide

lets take a look at these 3 verses from 3 gospels to define what gospel means //

we will do this by reading the text around the word gospel // and they will tell us the definition

the 1st verses is the most important,

silent 3 count

slide

next we have 3 more verses that backup the top 3 verses

for these are saying it was Jesus doing the explaining of His Kingdom

slide

and then we have 1 verse that helps us a little more //

silent 3 count

slide

these are the other verses found in the 4 gospels // and notice they all have the word **preach** in some form

these read as if the reader knows what the word gospel means // so there is no real help to define the word gospel

silent 3 count

slide

which brings us back to the 1st slide with these 3 verses

Luke 16:16 is the best verse for defining the word gospel // but when i searched a web site for this verse in all bibles // **slide** // most of the bibles copied this verse from the nasb // and yet in the nasb 1977, it is in italics to show they added this word

this word **proclaimed** is a very important word // **slide** // but if we remove that word we have to re edit these 1st words //

we know logically the word Law is truthful // but not here in this verse

here the word Law needs to be changed to **PROPHECIES**

silent 3 count

slide

because **ALL the highlighted** text tells us about – the kingdom FROM YV is and was preached // and Jesus is Teaching His gospel

what is very important to know is Jesus was **PROPHECIED TO COME** and His Kingdom will be in Heaven with YV // and we the FORGIVEN will enter HEAVEN //

silent 3 count

slide

now we know luke 16:16 is really telling us **Jesus' gospel Is His words;** // Proclaiming His Kingdom FROM YV // and **there is no more Prophecies of His 1st COMING //**

and that **some** of the definition for Gospel // for we know there is much more in Jesus' Teaching // as to what is to take place after His body died on earth

slide

this is how i would re edit the 1st part of this verse

the green highlight is the add words

the blue highlighted i would remove

i changed the word Law to Prophecies because the Prophets were Propheying of YV'S HOLY ONE IS COMING for His Kingdom

now it would read // "**YV'S PROPHECIES** of Me, **were from our Prophets, until John** // and we are talking about John the Baptist slash Herald //

slide

now for the 2nd part //

i changed the word **preached** to **taught** // taught is a better word

now it would read

now My gospel of My Kingdom FROM YV will be Taught,

slide

and now for the last part // and it reads as is

and everyone is forcing his way into it.

as written it is a lie // do you know how everyone is forcing HIS way in to it?

me either

i don't know how you edit these words in your bible //

but i would re edit the text like this

slide

changing the word **forcing** to **learn** is more truthful // this might not be the only word we could place here to not make it a lie

now i would like to tell the men listen what they miss when they are reading the bible // there are hundreds of verses that leaves out women from entering HEAVEN

by changing the word his to their // i include women

then i added the words // for entering it // at the ending //

now it reads

and everyone is to learn their way for entering it. //////////////

slide

myself i know in the bible are words that say this

so i would remove all those words

but – this is how i edited for this video

luke 16:16 is the best verse to define the word gospel

now the books need to be renamed

Jesus' Gospel by; matthew mark luke john

true truths about Jesus are not forgotten // but there needs
to be a lot of editing in the 4 books about Jesus

thx for watching // a lot more truths are coming
