

To prove Jesus never walked on the water

I will use matthew 14:22 thru 26

slide

These are the verses without verse 23

And verses 25 and 26 say Jesus is walking on the sea

When I ask people have they read the bible, and they say yes //

Then I ask them // what did you think of the translators saying in the 1611 preface about how anybody knowing the story can edit the words in the bible // most people have no reply // because they haven't read the 1611 preface //

most people think every word in the bible is the truth // but that is not how the translators wrote

the translators words are telling us anybody can edit the words in the bible // **if they know the story** //

slide

by the copyrights law // anyone wanting to sell a bible // just needs to re edit a lot of words // and that is why there are different bibles /// not they are using truthful words

example - these words need changing to tell the story more truthful // the word **contrary** can be changed to the word **against** // and the word **them** needs to be added

slide

this slide shows you the nasb concordance // the arrows point to 2 words // and they are both used for this greek word by the nasb

now you know the nasb could have used the word against // just like they did in another verse

slide

now the word **sea** // because these verses use the word sea // everyone should be saying Jesus walked on the sea

but the truth is // the sea of galilee is fresh water with fresh water fish // so truthfully it's a lake

by changing the word sea to water // I am editing this word because I know the story

slide

now here is a problem // why are the editors of the bible in this verse calling Jesus // **it is** //

to make the story more truthful // I can look thru the disciples eyes and say // 1 of them pointed and shouted // **there is a ghost** // and that is why they were frightened

for they would not be frightened until after someone pointed and said // there is a ghost

slide

I want to point out the highlighted text

1st Jesus sends the disciples in a boat to the **other side** of lake galilee

2nd the boat is **many miles away** from Him

3rd the waves were **battering** their boat // and the wind was **against** them

here we know the wind was coming from the east

And the battering waves would have been coming straight towards Jesus as he walked on the water

4th someone said // there is a ghost

Jesus couldn't walk on water because of the battering waves

But the truth is // someone said // there is a ghost

And like a ghost // Jesus was **gliding** just above the water

from the word ghost // we now have the intent of that meaning // Jesus was **gliding** just above the water

slide

then I edit a lot of the text because I know the story //

And more editing of truthful words // **and** removing the words not needed

You can see the text can be put into a poetry like format

slide

And now you know // Jesus never walked on the water

Jesus was gliding just over the water

Are you zealous for the truths about Jesus?

Are you truly seeking the truth about Jesus' life on earth?

Thx for listening

slide
